

PRESS RELEASE

Versatile Security Announces Partnership with Hulst Security Solutions

Versatile Security and Hulst Security Solutions announce partnership to bring the vSEC:CMS smart card management system to the Benelux market.

Stockholm, Sweden, April 16, 2012 – Versatile Security Sweden AB announces the partnership with Hulst Security Solutions. Through the partnership, Hulst Security will market and sell [Versatile Security's Smart Card Management System, vSEC:CMS](#) in the Benelux market.

"I am pleased to announce that Versatile Security has entered into a partnership with Hulst Security Solutions. It is a great opportunity for Versatile Security to increase visibility and presence in the Benelux region. Hulst Security Solutions is a very competent partner, always aiming to offer smart card and identity based security products that are in the forefront of industry development. Together we will be able to make sure customers in the Benelux region have all the tools they need to make sure their IT operations are secured in an efficient and convenient way." said Per-Anders Fjärdsäter, CEO and President of Versatile Security.

"With the CMS product-suite Versatile Security is now offering, our customers can now be more successful deploying and managing their smart card based authentication. Scalability and easy to deploy are just two major benefits we absolutely like." said Hans Hulst, CEO of Hulst Security Solutions.

About Hulst Security Solutions

[Hulst Security Solutions](#) is the leading provider of smart card solutions and identity based network security in the Benelux region. Hulst Security Solutions was established in year 2005 and has a strong existing customer base and well established relationships with major integrators.
