

PRESS RELEASE

Versatile Security and Omegapoint Announce Joint Operations in the US

Versatile Security and Omegapoint announce a partnership to launch the vSEC:CMS smart card management system in the United States.

New York, NY May 4, 2012 – Versatile Security Sweden AB announces the partnership with Omegapoint Inc in New York. Through the partnership, Omegapoint Inc will market and sell [Versatile Security's Smart Card Management System, vSEC:CMS](#) in the US market.

“Versatile Security has kept an eye on the US market for quite some time, as the interest in our products from the region is immense and we estimate that the region will experience strong smart card related growth in the coming years. Therefore the company has decided to initiate a closer relationship with Omegapoint on Manhattan, NY. To jump start the relationship, one of Versatile Security's executives will from now on be based in the Omegapoint office,” said Per-Anders Fjärdsäter, CEO and President of Versatile Security.

“Versatile Security has the best smart card lifecycle management solution that we have ever seen, our customers love it!” said Marcus Hartwig, CEO and President of Omegapoint Inc. “To be able to extend our partnership from the Swedish market and bring it to the US means that we can work tighter together to develop and implement the product. A win-win for both our companies and clients!”

About Omegapoint

[Omegapoint](#) has for the past decade delivered first class smart card solutions for government, health care, finance and the media industry. The experts employed by Omegapoint are the best in the IT security business. Saving customers time and money by simplifying and securing their IT infrastructure is key concept in Omegapoints philosophy. Omegapoint have chosen vSEC:CMS as the preferred Smart Card Management System based on its ease of use, simplicity and robustness in addition to its competitive price model.
