Versatile Security and SSL Europa Announce Partnership

Versatile Security and SSL Europa announce a partnership to offer the next generation smart card management systems, vSEC:CMS, to the French & Middle East market.

Stockholm, Sweden, November 12th, 2012 – Versatile Security Sweden AB announces a partnership with SSL Europa, France. Through the partnership, the market leading smart card management system [vSEC:CMS T-Series](#) from Versatile Security is offered to SSL Europa's customers as part of their s-Log product offering.

“The challenge for implementation of easy to use strong authentication solutions in an organization is a permanent concern. This partnership is a great opportunity for our customers to benefit of a well-designed smartcard interface management offering the best flexibility. We are proud to integrate in our portfolio the Versatile Security offer to strengthen our value proposal,” said Jean-Marie Giraudon, CEO, SSL Europa

“We are excited about the opportunity to work with such a competent and well established company as SSL Europa. During the Gitex Technology Week in Dubai, where both companies participated, the high potential for vSEC:CMS in the region where SSL Europa operates was obvious. With this partnership, Versatile Security will further strengthen its position in the French and Middle East market and the partnership also creates a very attractive combined offer,” said Joakim Thorén, CEO, Versatile Security.

It is easy to see that the confidentiality of the information, traceability of dematerialized documents provided on the Web, understanding of who is allowed to do what is increasingly difficult to maintain, and that cybercrime is constantly increasing. Therefore, these findings become everyone's concern. “Including the CMS offer of Versatile in our value proposal will strengthen the security for strong authentication application and deliver a better flexibility for credential management. It is a real asset for our customers and this will improve the image of our top class security services company,” said Jean-Marie Giraudon CEO of SSL-Europa
