Versatile Security Announces Partnership with ZILLIONe Technologies

Versatile Security and ZILLIONe Technologies announce a partnership to offer the next generation smart card management systems, vSEC:CMS, to the Sri Lankan market.

Stockholm, Sweden, December 10th, 2012 – Versatile Security Sweden AB announces a partnership with ZILLIONe Technologies. Through the partnership, the market leading smart card management system vSEC:CMS from Versatile Security is offered to ZILLIONe Technologies' customers base in Sri Lanka and the Maldives.

“The inherent complexity of smart card management systems has always been a bottleneck in the wider adoption of smart cards. Versatile Security's solutions are scalable, intuitive and innovative, allowing organizations of all sizes to implement advanced smart card security with minimum effort. Also Versatile Security's solutions are affordable and easy to integrate, thus allowing organizations of all sizes to implement high levels of security. We are delighted to have been chosen by Versatile Security to introduce their market-leading smart card management systems in Sri Lanka & Maldives.” said Kanchana Silva, Director, ZILLIONe Technologies Ltd.

“I am very pleased to announce that Versatile Security has entered into a partnership with ZILLIONe Technologies. It is a great opportunity for Versatile Security to increase visibility and presence in the Sri-Lankan region. ZILLIONe Technologies is already a strong and competent Microsoft partner. Together we will make sure customers in the Sri-Lankan region have all the tools they need to easily and efficiently implement smart card solutions and secure their business,” said Joakim Thorén, CEO, Versatile Security.
