Versatile Security and FISid Announce Partnership

Versatile Security and FISid announce a partnership to offer vSEC:CMS, the market leading smart card lifecycle system from Versatile Security, to Swiss IAM customers.

Stockholm, Sweden, November 26th, 2013 – Versatile Security Sweden AB announces a partnership with FISid, an IT Security System Integrator based in Luzern and Chexbres, Switzerland. Through the partnership, the market leading smart card management system [vSEC:CMS T-Series](#) from Versatile Security is offered to FISid's enterprise customers in Switzerland.

“We are very excited and pleased that we are now working very closely together with Versatile Security,” said Alain Favre, Business Unit Director at FISid. “It is the natural extension of the PKI product portfolio from Gemalto. For us, it makes complete sense to work and develop our strategy around these products. We are also impressed by the dynamic and efficient Versatile team.”

“I am very happy that we'll be working closer with FISid. I am impressed by FISid's expertise in the IAM and PKI field and I am looking forward to together with FISid be able to offer Swiss customers the best solution with the best service,” said Joakim Thorén, CEO, Versatile Security.
