Versatile Security and 3SR Announce Partnership

Versatile Security and 3SR from France announce a partnership that enables 3SR to offer vSEC:CMS, the innovative smart card lifecycle system from Versatile Security, to IAM customers in France.

Stockholm, Sweden, March 20th, 2014 – Versatile Security Sweden AB announces a partnership with 3SR (Solutions de Sécurité Systèmes et Réseaux), a Solution Provider and Value-Added Distributor based in Bordeaux, France. Through the partnership, the market leading smart card management system [vSEC:CMS T-Series](#) from Versatile Security is offered to 3SR's customers in the region.

“There are many token lifecycle management systems available on the market, after evaluating and integrating many or even most of them, we can honestly say that Versatile Security has, in vSEC:CMS T-Series, the best product and I am looking forward to being able to offer it to my customers,” said Alexandre Giraud, CEO, 3SR.

“Most of our enterprise customers are building their infrastructure using Microsoft server products. Versatile Security's product extends this infrastructure with strong authentication. Our success is dependent on establishing partnerships with proven experts in this area. 3SR is exactly this type of expert firm and I have high expectations for the partnership with 3SR,” said Joakim Thorén, CEO, Versatile Security.

About 3SR

3SR (Solutions de Sécurité Systèmes et Réseaux) is a French company that focuses on delivering solutions based on Mobility, Strong authentication and IT Security on Microsoft infrastructure. 3SR secures gateways, web services, cloud solutions, system logon... by use of HW based authentication technology (smart cards, tokens...) or SW based (phone, SMS...) and always with an improved user experience in mind. The value-add from 3SR is the expertise of its consultants, who all are Microsoft MVPs (Most Valuable Professionals) within IT Security.
