Versasec and GRC3D Announce Partnership

Versasec Announces Strategic Partnership with Information Security Consultancy GRC3D in Dubai

NEW YORK and DUBAI, January 4, 2017 -- [Versasec](#), the leader in smartcard management systems, today announced its partnership with GRC3D, an information security consultancy with expertise in identity and access management (IAM). Together, the companies will deliver a combined security offering that provides high-quality service and the highest security solutions to their joint customers. With GRC3D's head office located Dubai, the partnership offers both organizations greater opportunities for expansion in the United Arab Emirates and the greater Middle East and African region. [Versasec today announced it has opened a Dubai office](#) which will service the company's relationships with GRC3D and resellers in the region.

Versasec is the creator of the vSEC:CMS smart card management system. vSEC:CMS provides the software tools that make it simple to administer and manage identity access management smart cards securely and conveniently. The Versasec product suite consists of products that meet the requirements of organizations of all sizes for managing smart cards.

GRC3D delivers high quality professional services that enable all types of businesses to operate in a protected and secure environment, thus maximizing their ability to achieve their business objectives. The consultancy provides practical and functional consulting that addresses customers' requirements, and specializes in managing complex multi-tier security programs, security assessments that may include remediation, and certification support.

"Partnering with a quality information security consultancy was a top priority for us as we expand Versasec's reach in the Middle East and Africa," said Joakim Thorén, CEO of Versasec. "GRC3D brings a wealth of expertise in working with Versasec solutions, as well as important customer relationships and a keen understanding of the region and its industries -- all of which are critical in providing the right multi-factor security solutions for our joint customers."

"GRC3D is looking for strategic partners to enable an end-to-end IAM solution for our customers in the Middle East and Africa," said Mohamed Fagiri, Managing Director of GRC3D. "With Versasec's value pricing, ease of installation and invaluable smartcard management services as part of our client offerings, we're able to more easily ensure our customers have among the finest security offerings available, no matter how large or small they are."

About GRC3D
